City Attorney Pollard Defines Duties of City Engineer's Office.

SAY WORK IS INTERRUPTED

Engineer's Department Instructed to Make No Survey Without Committe Action.

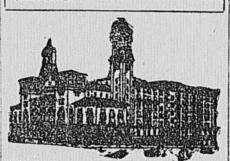

City Attorney Pollard ruled yesterday that unless specifically directed by res-olution of the Council, it was no part of the duty of the City Engineer's De partment to make surveys and plats for the Board of Fire Commissioners, or, in fact, for any body save the Council Committees on Streets, James River Improvement and Grounds and Buildings. The case came up over the application to Building Inspector Beck for a building permit by A. Volkman, who owns property adjoining the lot of Engine Company No. 5, stationed at Brook Avenue and Marshall Street. President Charles F. Taylor, of the Fire Board, asked that the lines of the city property be first clearly defined, that there no encroachment.

L. S. Jones. secretary of the board, wrote to the City Engineer, at the direction of Captain Taylor, requesting that the board be furnished with proper lines on the west side of the property. Mr. Bolling replied that he was ready at any time to mark the lines of the street, both on Brook Avenue and Mar

Every woman's heart thrills at the cooing and prattling of a baby, and motherhood is her highest and purest joy. Yet the suffering incident to this great consummation of her life's desire, robs the anticipation of some of its sweetness. Most of this can

be avoided by the use of Mother's Friend. This great remedy prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. Mother's Friend assists nature in gradually expanding all tissues, muscles and tendons, it strengthens the ligaments, keeps the breasts in good condition, and brings the

woman to the crisis in healthful physical condition. The regular use of Mother's Friend lessens the pain when baby comes, and assures a quick and natural recovery for the mother. For sale at drug stores. Write for free book for expectant mothers.

BRADFIELD REGULATOR CO., Atlanta, Ga.

Captain Taylor Sought Advice.

Not satisfied, Captain Taylor took the matter to the City Attorney, who re-plied that under section 64 of the char-ter of the city it is provided that the City Engineer shall make such surveys, reports, drawings, plans, specifications and estimates needed in any department of the city government, as the City Council may require of him. The City Attorney suggests that a resolu-tion requesting the City Engineer to make the survey be introduced at the next meeting of the Council, adding that unless he is so directed, it is not his duty to furnish surveys to any department except to the committees directly connected with his department, those having characters of the connected. those having charge of the streets, sew-

ers, parks and river.

Meanwhile the Building Inspector has refused to issue the building permit to Mr. Volkman, as, in view of recent to Mr. Volkman, as, in view of recent criticism of his office, he does not propose to permit the construction of any building while the true lines of the lot are in dispute. Attacks Old Nulsance.

A member of the Council Committee on Streets said last night that there has recently been much complaint that the work of the Engineer's Department was interrupted by unauthorized re-quests for surveys and estimates. Counclimen, purely for political effect in their own wards, would have surveys and blue prints and estimates made on improvements that there was no hope of consummating, and the time of the office was wasted. Recently, to cure the defect, the Committee on Streets entered a general order of record that no such estimates must be furnished. even to any individual member of the Council, without an order of the computer mittee. It was for giving an estimate without authority of the Street Committee to Councilman Charles E. Richards that Fourth Assistant City Engineer Todd was criticized in the report of the Lynch committee, and, following the investigation of those charges, Mr. Mrs. Charges, Mr. Addresse. Bolling was directed to instruct his subordinates to give no estimates on public work except through the regular authorized channels.

Elected by Graduate Nurses' Association of Virginia at Closing Session.

Miss Agnes Randolph, superinten-dent of the Virginia Hospital, was elected president of the Graduate Nurses' Association of Virginia yesterday afternoon at the eleventh annual cenvention, which adjourned sine die. Other officers chosen are as follows: mons, Alexandria, second vice-presi-dent; Miss Mary Agnes Brown, Petersburg, third vice-president; Miss Julia Wellichamp, Norfolk, treasurer, and Mrs. Charles Eaton, of Richmond,

Addresses by suffragette leaders were features of the closing session of the nurses. Mrs. Benjamin B.
